

Real Estate

The attorneys at Delfino Madden play a critical role in the growth and development of communities throughout the state of California, representing clients in complex real estate transactions and related financing structures including real estate acquisitions, dispositions, leasing and lease agreements, lease enforcement and secured lending. Our real estate attorney team provides clients a comprehensive and efficient response to the opportunities presented by various real estate law projects.

Our client base is diverse and includes investors, tenants, and owners whose properties include office buildings, retail centers, mixed-used developments, industrial office parks and hospitality centers through the state of California. With years of experience and an understanding of the many variables of a real estate project, our team knows how to work with our clients to meet their goals.

Representative Experience

- Represent a national investment management and consulting firm in connection with the leasing and lease enforcement of its California portfolio of office properties.
- Represented a manufacturer in connection with the acquisition, development and financing of industrial land in Northern California.
- Represent a distributor in the acquisition of more than 20 industrial properties throughout California to assist in the growth of its business operations.
- Represent regional lenders in connection with all real estate aspects of financing secured financing. Product types include, but are not limited to: office, industrial, retail, multi-family development, and mixed-use properties.
